## ◆ 规格 Specification

Model	FP-06	FP-08	FP-10	FP-15
Body Material	PTFE			
Control Method	Isolated diaphragm construction			
Pipe Size	G2/8"	G1/4"	G3/8"	G1/2"
Nominal Diameter (mm)	3	6	6	6
Applicable Medium	Corrosive fluid and gas, Acid, Alkali, etc.			
Pressure Range	0.0~0.15 M Pa			
Medium Temperature	-20~200℃			
Specified Voltage	DC12V, DC24V, AC24V, AC120V, AC240V, AC110V AC220V			
Operating Voltage Range	±10%			
Install Method	Horizontal Installation			
Characteristic	With isolated diaphragm construction to rot proof, PTFE body for corrosion resistant
